NB. These events are still part of the T&F Championships and will count as one of 3 allowed events
- **All 3K events will take place on Friday 10th June. This means that these athletes cannot take part in both the 3K & 1500m.**

Entering

It is imperative that schools are especially careful in filling in dates of birth, because if dates of birth are inaccurate, then the athlete could miss his/her event by arriving on the Saturday, only to find that the event took place on the Friday. It is also very important that athletes are entered in the correct event. e.g. an athlete could be entered for Triple Jump but was expected to be entered for the Long Jump and could subsequently come on the wrong day.

A list of events for both days is included.

Please note that :

Group C&D Hammer events for boys & girls

Group A & B Steeplechase events for boys & girls

will take place on Saturday 4th June during the Pentathlon Championships.

Timetable for this will be notified to competing athletes asap.

Once you have entered online, you will receive an invoice detailing your entries and methods of payment.

Entry Fees for 2022 are £8.00 per athlete per event - i.e. an athlete entered for 100m, 200m and Long Jump will be charged £24:00, not £8:00.

Payments should only be made once confirmation of entries has been received along with your invoice and payment slip.

On the entry form, you will be asked to identify two adults

Accompanying Adult

In case of emergencies, it is essential that every athlete taking part in the championships is accompanied by an adult who has their contact details.

School Duty

All schools will be given a duty. This is essential to ensure that the championships operate efficiently and safely. Please complete this section of the form to assist with your school being allocated a duty which is suitable in both preference and time for the person who is identified.

Neither of these adults need to be a member of school staff

QUALIFYING STANDARDS

On one of the enclosed sheets will be found a list of qualifying standards for 2022.

Each competitor should have reached and preferably have surpassed the standard for the event before he or she is entered.

Competitors must demonstrate a competence in their event to be allowed to compete.
