

School Games National Finals Update 26th April 2024

Please see the latest updates on the School Games National Finals.

Additional Para places added to the School Games National Finals

We are pleased to inform you that after working with the Youth Sport Trust and the event organisers of the 2024 School Games National Finals, we have managed to secure a further 16 Para places at this year's Games. This increases the number of Para athletes from 48 in 2022 to 64 in 2024 and increases the overall number of athletes who will take part in this year's Games to 336.

Frame Running and Ambulant 1500m will make up the additional 16 places at the Games.

We would like to thank the Youth Sport Trust for their great support in making this happen.

For further information on the inclusion of these new events, please refer to the revised Para selection policy for the School Games National Finals.

Updated Selection Policies

Please be aware that some changes have been made to the School Games Selection Policies (Para and non-Para).

These changes have been highlighted in yellow for ease when reviewing the changes / additions.

School Games National Finals Webinar series

England Athletics recently hosted two School Games National Finals webinars on behalf of all four Home Countries, which explained:

- the background of the School Games National Finals,
- what the competition format will be this year,
- the Para and non-Para selection policies, and
- Key dates and information about the Games.

For anyone who missed these webinars and would like to know more, please find a link to the recording of this session along with the slides presented.
